

5 Great Reasons To Choose a Career in Manufacturing

#1: It pays well.

Manufacturing offers dependable jobs that pay well.

- **\$86,600** is the average annual manufacturing wage in Minnesota – **12% above the average** for all jobs.

#2: There are lots of jobs.

Now is a terrific time to start a career in manufacturing.

- **92,000 job openings** for manufacturing production positions alone through 2034.

#3: It's important, high-tech work.

You can take pride in making things people need – using exciting technologies to do it.

- **Robotics, artificial intelligence (AI) and 3D printing** are among the technologies being used.
- **Almost everything is made in Minnesota** – from life-enhancing products to life-saving biotech devices.

#4: You'll develop valuable skills.

Many employers offer free on-the-job training, internships and scholarships.

- Entry-level jobs **can be a stepping-stone** to higher level positions.
- **Creative thinking** and **problem solving** are valued.

#5: Employers want you.

Manufacturing is a great career for everyone.

- Workplaces are **increasingly diverse and welcoming**.
- Beyond **production**, employers need people in **information technology, human resources, sales, accounting** and more.
- Take a moment to **find out more** and even **tour a manufacturing facility**.
