Celebrate Caring Careers

Celebrate Caring Careers Month this November

CARING CAREERS EMPLOYERS: Celebrate the people who make a difference every day in the lives of older adults, people with disabilities and people with behavioral health care needs across Minnesota.

Caring Careers include professionals working in **long-term care, aging services, disability services and behavioral health services**.

People who work in Caring Careers support Minnesotans so they can **live safely, with dignity and independence.**

This is essential, life-changing work – let's celebrate it!

5 steps to Celebrate Caring Careers in November:

1. Honor the dedicated professionals working in Caring Careers at your organization with special recognition events, treats in the breakroom or by simply saying 'thank you'. You can also create a Celebrate Caring Careers recognition certificate to present to caregivers on your team (fillable option available on CareerForce.MN.gov/Caring Career).
2. Host a Celebrate Caring Careers community event, inviting family members, neighbors, lawmakers and community leaders to show appreciation for the caring professionals on your team. Share information about the event on social media tagging CareerForceMN and using #CaringCareerMN.
3. Host or participate in a job fair or other hiring event during November to raise awareness about the range of employment opportunities at your organization. Contact a CareerForce location near you (search CareerForce.MN.gov/locations) to share information about your job fair or learn about other hiring events you can join. Include information about a hiring event you are hosting on the CareerForce calendar by submitting the form linked on this page: CareerForce.MN.gov/events.
